## Additional Information

The Aston Martin DB5 is a British luxury grand tourer (GT) that was made by Aston Martin and designed by the Italian coachbuilder Carrozzeria Touring Superleggera. Released in 1963, it was an evolution of the final series of DB4. The DB series was named honouring Sir David Brown (the owner of Aston Martin from 1947 to 1972).

Although not the first in the DB series, the DB5 is the best-known cinematic James Bond car, first appearing in the James Bond film Goldfinger (1964).

## Additional Information

The original Porsche 911 (pronounced nine eleven, German: Neunelfer) was a luxury sports car made by Porsche AG of Stuttgart, Germany. The famous, distinctive, and durable design was introduced in autumn 1963 and built through 1989. It was succeeded by a modified version, internally referred to as Porsche 964 but still sold as Porsche 911, as are current models.

Mechanically, the 911 was notable for being rear engined and air-cooled. From its inception, the 911 was modified both by private teams and the factory itself for racing, rallying and other types of automotive

## Additional Information

The MGA is a sports car that was produced by MG from 1955 to 1962. The MGA replaced the MG TF 1500 Midget and represented a complete styling break from MG's earlier sports cars. Announced on 26 September 1955 the car was officially launched at the Frankfurt Motor Show. A total of 101,081 units were sold through the end of production in July 1962, the vast majority of which were exported. Only 5869 cars were sold on the home market, the lowest percentage of any British car. It was replaced by the MGB.

## Additional Information

The Lamborghini Miura is a sports car produced by Italian automaker Lamborghini between 1966 and 1973. The car was the first supercar with a rear mid-engined two-seat layout, although the concept was first pioneered by René Bonnet with the Matra Djet in 1964. This layout has since become the standard for high-performance sports and supercars. When released, it was the fastest production road car.

## Additional Information

The Triumph TR3 is a British sports car produced between 1955 and 1962 by the Standard-Triumph Motor Company of Coventry, England. A traditional roadster, the TR3 is an evolution of the company's earlier TR2 model, with greater power and improved braking. Updated variants, popularly but unofficially known as the „TR3A“ and „TR3B“, entered production in 1957 and 1962 respectively. The TR3 was succeeded by the Michelotti-styled, mechanically similar Triumph TR4.

## Additional Information

The Jaguar XK150 is a sports car produced by Jaguar between 1957 and 1961 as the successor to the XK140. Initially it was only available in fixed head coupé (FHC) and drophead coupé (DHC) versions. The roadster without full weather equipment which had begun the XK line was launched as the XK150 OTS (open two-seater) in 1958. Minimal rear seats were fitted in the coupés. The open two-seater was fitted for the first time with wind-up windows in taller high-silled doors, but retained the very simple folding roof of its predecessors.
